NRG HOME TERMS OF SERVICE

We appreciate your business. This document is a contract between us, NRG Home, and you that allows us to switch your natural gas account(s) to our service or to continue service. It describes the nature of our service with you and provides important information for you to be aware of. We will supply your natural gas under this contract, but your utility will continue to be responsible for delivering your natural gas and sending you a bill for both of our services.

Summary of Important Information	
Length of Your Commitment	Month-to-Month
Price for Your Natural Gas	You'll receive an introductory natural gas supply price of \$0.88000 per therm for your first 3 billing cycle(s) and your price will be variable after that.
Applicable Fees	None.
Your Right to Rescind	New customers have 7 days to rescind this contract. Existing customers entering into a new contract have 3 days to rescind. This is called your "Right to Rescind" period, which means you will not start service with us until after this period.
Your Right to Cancel	Once service has started, you may cancel by contacting us. It may take one or two billing cycles before the cancellation is processed, depending on your utility's timeframes.

A. Important Information

Length of Your Commitment: *Month-to-Month.* We will begin providing service to you after your utility processes our request to switch your service. The switch will not occur before the expiration of your "Right to Rescind" period. Our service will continue until either of us cancels the contract.

Price for Your Natural Gas: You'll receive a promotional natural gas supply price for your first 3 billing cycles and your price will be variable after that. For your reference, our prices include natural gas supply and transportation charges and Sales and Use Tax (SUT), but they do not include any utility distribution charges or other utility fee or charge.

If you have a residential account, any natural gas supply price comparisons we make are based on your utility's natural gas supply rate for PSE&G's RSG rate class and NJNG's RS rate class. If you have a commercial account, any natural gas supply price comparisons we make are based on your utility's natural gas supply rate for PSE&G's GSG/LVG rate class and NJNG's GSS rate class. For your reference, our prices include natural gas supply and transportation charges and Sales and Use Tax (SUT), but they do not include any utility distribution charges or other utility fee or charge.

After the promotional period, your prices with us will be variable. We will determine the variable supply price in our discretion based on many different factors, which may include competitive prices, industry charges we are responsible for, applicable state and local taxes, profit margins, or other business conditions. Our current and historical prices are not an indicator of our future prices and we do not guarantee any savings. Our prices may be higher than your utility's supply rate. No matter what, we will not increase your variable price in any given month by more than 30% from the prior month's supply price.

Applicable Fees: *None.* If you are currently in a contract with another natural gas supplier, the request to switch you to our service will automatically cancel your service with the other supplier. You are responsible for any penalties the other supplier may charge.

Right to Rescind: You have the "Right to Rescind" this contract for a limited time, which means you can cancel your request to switch your natural gas service and never start service with us. After switching your service to us, you will receive a confirmation notice from your utility to confirm your choice for us to be your supplier. If you are a new customer, you can rescind for up to seven calendar days from the date of that notice from your utility by calling your utility at the contact information listed below. If you

are a current customer entering into a new contract with us, you have the right to rescind without penalty within three business days of receipt of this contract by calling us at 1-855-500-8703. This contract is not binding until your "Right to Rescind" period has ended with no action on your part to rescind the contract.

Your Right to Cancel: We will not charge you for starting or stopping service. You may cancel this contract without having to pay any cancellation fee by calling us at our contact information listed below. We will request that the utility cancel your service with us, but the utility controls the effective date of your cancellation. The effective date is usually the next date that your meter is read after the utility has processed our request to cancel your service with us. If you do cancel this contract, you may forfeit some of the rewards that we describe in your Welcome Confirmation, and you will be responsible for unpaid balances as of the cancellation date. This contract may also be cancelled without any penalties if you should pass away or in the event that you move, relocate, or have a disability that prevents you from paying for service with forty-eight (48) hours' notice.

Our Right to Cancel: We have the right to cancel this contract for any reason as long as we give you thirty days' written notice, but if we are canceling the contract due to your conduct or your breach of this contract, you will have an opportunity to fix this condition within the thirty days. Your utility will control the effective date of our cancellation request, but this is usually the next date that your meter is read. If your utility terminates your service, this contract will be automatically cancelled.

Your Authorization to Release Your Information for Use and Sharing: By entering into this contract, you authorize us to act on your behalf under your utility's tariffs in accordance with the rules and regulations of the state public utility commission ("PUC") where you take service. You further acknowledge that this contract provides authorization for your local utility to release all information regarding your energy supply account(s) to us so we can provide the services described herein. This information may include, but is not limited to, usage information, billing determinants, bill cycle, budget billing status, address, account type, tax exemption status, rate service class, load profile, demand data, meter number, special account exceptions, public assistance status, existence of medical emergencies or disability, tax status and eligibility for economic development or other incentives, standard service status, electronic interval data when available, credit information when applicable, and all other data and information permitted by law to be disclosed to us to provide our services.

We also obtain information about you as outlined in our privacy policy (posted on our website) such as when you voluntarily provide personal information to us, use our website or mobile applications, or when we add information about you to your account profile from publicly available sources.

We will maintain the confidentiality of your personal information including your name, address, telephone number, email, account numbers, energy usage and historic payment information as required by applicable PUC regulations as well as federal and state laws.

Our use and sharing of your information will be consistent with the purposes and uses disclosed in our privacy policy, as amended from time to time and posted on our website. Your information may be disclosed if required by law, such as pursuant to a lawfully issued subpoena or other legal process. Further, you understand that your information may be disclosed to an affiliate or a third-party to provide services or products to you, and any disclosure of such information will be made under confidentiality obligations not to disclose such information and to use it solely for the purpose of providing services to you or improved products to us. This authorization also allows us to contact you about our other products and services and to share information about your account with any designated rewards partner or with any affiliate, third party vendor or marketing partner we use to provide energy services or energy-related services to you.

If you do not wish for us to use or share information about your account in the manner described above, you may cancel this contract by calling us at our contact information listed herein.

Electronic Communication: If you provide us with your Email address, you are consenting to this contract and other forms of communication being provided to you in electronic form and you must provide us with any update to your valid Email address should it change. You are required to notify us of any change in Email address and/or any withdrawal of consent for the electronic transmission of contracts or other customer information. If you enroll electronically, please note that our website and application is best viewed in Internet Explorer 9.0 or higher.

Billing: Your local utility is responsible for sending you a bill that includes the charges for our service and charges for the utility's service. The bill that the utility sends should include a separate line item for our service. Under this contract, you agree to pay your utility directly for our service, but if you fail to make a payment for 120 days, we may bill you separately for any unpaid charges from us. In that event, you agree to pay the costs we incur to collect any amounts owed to us, which could include reasonable attorneys' fees.

You also agree to review your bills in a timely manner, and if there are any inaccuracies with the portion of the bill for our services, you agree to notify us within ninety days after the date of the bill. If we do not hear from you, and you do not dispute the billed amount within that period, you agree that the billed amount will be deemed correct and binding on you, and you waive any right to dispute the billed amounts to the extent permitted by New Jersey law.

Taxes: Tax charges are included on the one bill you will receive from your utility. If you are exempt from any taxes, you are responsible for requesting an exemption by filing all required documentation with us and/or your utility.

Contract Details: Our full, legal name is Reliant Energy Northeast LLC, but we have used "NRG Home", "we", "us", or

"our" to refer to ourselves for the purposes of this contract. We use "you" or "your" to refer to you, the customer.

This contract is for the sale and purchase of all of your natural gas for the residential account(s) listed in your Welcome Confirmation (letter or email). By entering into this contract, you are authorizing us to take the steps necessary to switch your natural gas supply service to us, and you agree to appoint us as your agent to acquire the necessary information to meet your natural gas needs as required by your "utility", which we use to refer to your local distribution company. Your utility is responsible for the delivery of natural gas to you and we are not. This contract and the Welcome Confirmation (letter or email) you received create your entire contract with us and replace any prior oral or written statements or representations.

Contract Changes: We can only change a material term of this contract with your consent, and we will obtain your approval before making any material change. We will not change or alter the waiver of jury trial provision under any circumstances, and any changes to this contract must be made in writing.

You acknowledge that you are capable and willing to assume those risks (whether financial, economic or otherwise) and that you have made your own decision to enter into this contract.

Force Majeure: We will use commercially reasonable efforts to provide electricity supply to you pursuant to this contract, but we do not guarantee a continuous supply of electricity. Certain Force Majeure events outside of our control may cause interruptions in service. If a Force Majeure event prevents us from performing any of our obligations in any way, our performance shall be excused for the duration of such event, and we will not be liable for damages associated with any delay or failure to perform as a result. "Force Majeure" includes, without limitation, acts outside of our control, sabotage, riots or civil disturbances, acts of God, acts of a public enemy, acts of vandalism, terrorist acts, natural disasters, explosions, fires, or similarly cataclysmic occurrence, failure, shortage or unavailability of generating units, storage, transmission, or distribution facilities, nonperformance by your local utility, or any change in law or any other action by a governmental authority that materially impairs our ability to perform our obligations under this contract. We will give you reasonably prompt notice of any Force Majeure occurrence.
